

JOSHUA PROJECT TRAINING COURSE SYLLABUS

SPONSORED BY THE GENESIS ACADEMY, Genesisacademy.net

PURPOSE OF THE COURSE:

Just as Moses taught Joshua how to lead the Israelites into the Promised Land, the Joshua Project will endeavor to train interested Christians in sound doctrine coupled with valid science for the purpose of defending and teaching others in the faith about the truths contained in Genesis 1-11.

COURSE OBJECTIVES:

- **Participants will learn to correctly interpret Genesis chapters 1-11 (a young earth, a real Adam & Eve, the Fall, a global Flood, a real Tower, etc.)**
- **Participants will develop an understanding of the physics and biological sciences as they relate to chapters 1-11 of Genesis.**
- **Participants will be better prepared to win people to Christ.**
- **Participants will be given the OPTION of creating a presentation document about chapters 1-11 of Genesis.**

COURSE CONTENT

September 7	Introduction
September 14	The Creation
September 21	The Fall (Judgment of the Universe)
September 28	Scientific Implications
October 5	Genealogies & Covenants
October 12	The Flood (Judgment of the Earth)
October 19	The Tower of Babel (Judgment of the People)

CLASS LOCATION, TIMES AND DATES:

Location: Olathe Bible Church, 13700 West 151st Street, Olathe, KS 66062, Phone, 913.764.8280

Time: The class will be held on Thursday evenings from 6:30 p.m. to 8:30 p.m.

Dates: This seven-week class will be from September 7-October 19.

TEACHING METHODS:

For this course a “Flipping the Classroom” strategy will be used. Students will be assigned homework to complete prior to any instruction by the teachers. The majority of each class period will allow for a brief overview of the homework followed by a significant period of time for questions and answers.

COURSE MATERIALS (Free):

Primary Sources:

Strengthening Your Faith: Genesis Chapters 1-11 Theology and Science, Videos available on Genesisacademy.net

Secondary Sources:

The New Answers Book 1, Ken Ham

The Genesis Flood, John C. Whitcomb and Henry M. Morris

The Global Flood: Unlocking Earth’s Geologic History, John D Morris

Are We Alone? DVD, David Penny and Michael Windheuser

PREPARATION:

There will be at least two hours of homework for each class period.

ATTENDANCE:

Attendance is critical. If you must miss more than one class period, plan to enroll in a future Joshua Project course.
